MEET THE TEAM'S HONORARY TEAM CAPTAINS!

Henry & Eric

Henry and Eric are five and two years old, respectively. The boys are the children of Henry and Debbie, Elizabethtown.

Henry

Henry and Debbie shared, "Our relationship with the S. June Smith Center began a year ago when through the advice and encouragement of another family, we enrolled Little Henry at the Center's reverse mainstream preschool classroom in Mount Joy. We have been so happy with this decision! We are incredibly pleased with Henry's teachers, aides, and therapists at this school. He is receiving speech and occupational therapy. Our little boy has been slowly learning and blossoming in this

Eric

supportive and inclusive atmosphere. During this time, our second son, Eric, began showing signs of delay and we began Early Intervention Services, again this time, with the S. June Smith Center. We started receiving speech and occupational therapy services and also had a physical therapy consultation. We have been impressed with the skill, warmth, and collaborative efforts between the therapists."
