## MEET THE BANK'S HONORARY TEAM CAPTAIN!

**Tristn**

Tristn (two) is the son of Margaret Dawson and Ed Torres, Lancaster. He also has one sister, Gabriella. Tristn receives speech and occupation therapy and special instruction services from the S. June Smith Center.

His parents shared, *"Our experience with the S. June Smith Center has been above and beyond what we ever expected. Before starting with S, June Smith Center Tristn wasn't talking at all and barely babbling. He wasn't able to communicate his wants and needs to us. He started with Special Instruction with Helen Gibson and with Helen's recommendation we added Speech Therapy with Debbie Grammer and eventually Occupational Therapy with Marcia Leo. With the help of his therapists, Tristn has made leaps and bounds with his speech and motor planning and is now able to communicate with us. Tristn is continuing to develop on a daily basis. The staff is very educated and experienced and has given us a tremendous amount of tools to help him. I could never express how grateful we are and what a difference the S. June Smith Center has made for our family."*

Tristn enjoys playing outdoors, swimming, singing and dancing along with Sesame Street & Sid the Science Kid TV programs. He also enjoys playing with his Sesame Street stuffed toys, singing and dancing, and playing with his older sister, especially hide and seek!
